The month in brief

California dominated children's online safety legislation in September 2026, enacting eight bills and vetoing one. The new laws include CA AB 1709, which prohibits platforms from allowing users under 16 to create accounts and establishes an e-Safety Advisory Commission, and CA AB 2, which imposes civil liability on large social media platforms that injure minors. CA SB 867 bans the sale of toys with companion chatbots until 2031, while CA SB 1119 requires companion chatbot operators to conduct annual child safety risk assessments with reports due to the Attorney General by July 1, 2027. Pennsylvania advanced three bills through committee or one chamber, including PA HB 2006, which would require AI companion systems to implement suicide prevention protocols.
