The month in brief

Cybersecurity legislation saw moderate movement in June 2026, with seven bills advancing across six states. Florida and West Virginia each enacted measures, FL HB 1081 on cybersecurity education and WV HB 5638 on the state's cybersecurity program and chief information security officer. New York accounted for two of the six bills that passed a chamber, both addressing data security and breach notification. Illinois sent HB 4966, the DCFS-SECURE ACT, to the governor after passage by both chambers.

Source: Open States. Statuses show where each bill stood on 18 August 2026, when this issue was generated, rather than at the end of the period.

Tracker definitions are model-drafted and validated by retrieval measurement. They are not a lawyer's definition of a practice area.

The summary and the one-line notes under each bill were written by us.anthropic.claude-opus-4-5-20251101-v1:0 from the data in this issue. Every figure, bill and date is from the record; the sentences around them are not legal advice.

† Matched on the bill's title alone, because the platform does not yet hold that bill's full text. Every other bill is matched on its whole document.
