The offense is a class E felony unless it is a second or subsequent offense, in which case it is a class D felony. This offense shall also be considered a hate offense punishable as a class E felony when the state believes that the offense was knowingly motivated because of race, color, religion, national origin, sex, sexual orientation, or disability of the victim. 		infrastructure. The act modifies the definition of "critical infrastructure facility". The act repeals certain provisions relating to committing the offense of trespass on a critical infrastructure facility. This act creates the offense of damage of a critical infrastructure facility. Subject to the exceptions described in the act, the offense of damage of a critical infrastructure facility is subject to certain penalties described in the act. If the damage to a critical infrastructure facility causes interruption, impairment, or degradation of service, the offense shall be a class C felony regardless of value. The value of damages under the act shall be determined pursuant to current law, as described in the act. Any person who violates these provisions shall be required to make restitution and perform community service, as

A person commits the offense of unauthorized possession of certain metals used in telecommunications infrastructure if the person: (1) Knowingly possesses copper, brass, aluminum, fiber, or telecommunications material; and (2) Is not a person authorized to possess such material. Certain persons are authorized to possess copper, brass, aluminum, fiber, or telecommunications material, as specified in the act. Such authorization does not apply to a person who knows that such materials were unlawfully obtained. Classifications of the offense are described in the act. If conduct constituting an offense under these provisions also constitutes an offense under any other provision of law, the person may be prosecuted under either or both provisions subject to certain provisions of current law. These provisions are identical to SS/SCS/SB 903 (2026). OFFENSE OF GIFT CARD FRAUD (Sections 570.010 and 570.137) This act creates the offense of gift card fraud. 		unmanned aircraft over an open-air facility. The definition of "open-air facility", as used in this provision, is modified by decreasing the requisite capacity from 5,000 or more people to 500 or more people. Under current law, any delivery of a gun, knife, weapon, or other article by an unmanned aircraft over an open-air facility shall be punished as a class B felony. This act adds delivery of any explosive device or material, and adds critical infrastructure as a location where such deliveries are prohibited. Law enforcement officers are authorized to take necessary mitigation measures, as described in the act, against an imminent threat posed by an unmanned aircraft system to public safety. This act repeals that element. Currently, the offense of trafficking drugs in the first degree is a class B felony if the person knowingly distributes, delivers, manufactures, or produces, or attempts to distribute, deliver, manufacture, or produce more than ten milligrams of fentanyl or carfentanil. Under this act, more than three grams of fentanyl or any amount of carfentanil is a class B felony. All eligible offenses shall be automatically expunged by the central repository, according the process outlined in the act. Any agency releasing investigative reports shall treat such information as a closed record where it related only to an expunged offense under this act. An offender shall be limited to three misdemeanor and two felony expungements under this act and current law provisions for expungement. Beginning January 1, 2028, the Highway Patrol shall submit a report to listed legislative committees with statistical information regarding expungements under this act. The Attorney General is granted authority to seek injunctive or other relief if there is a violation of this provision. An employer, volunteer organization, or landlord shall be immune from liability under this provision for any misconduct by an individual whose record was expunged if the misconduct relates to the criminal history record that was expunged. The act creates the "Missouri Expungement Fund". The Office of State Courts Administrator and the Department of Public Safety shall expend money from the fund on the statewide court automation case management system and the Missouri criminal history record information system for purposes outlined in the act.
